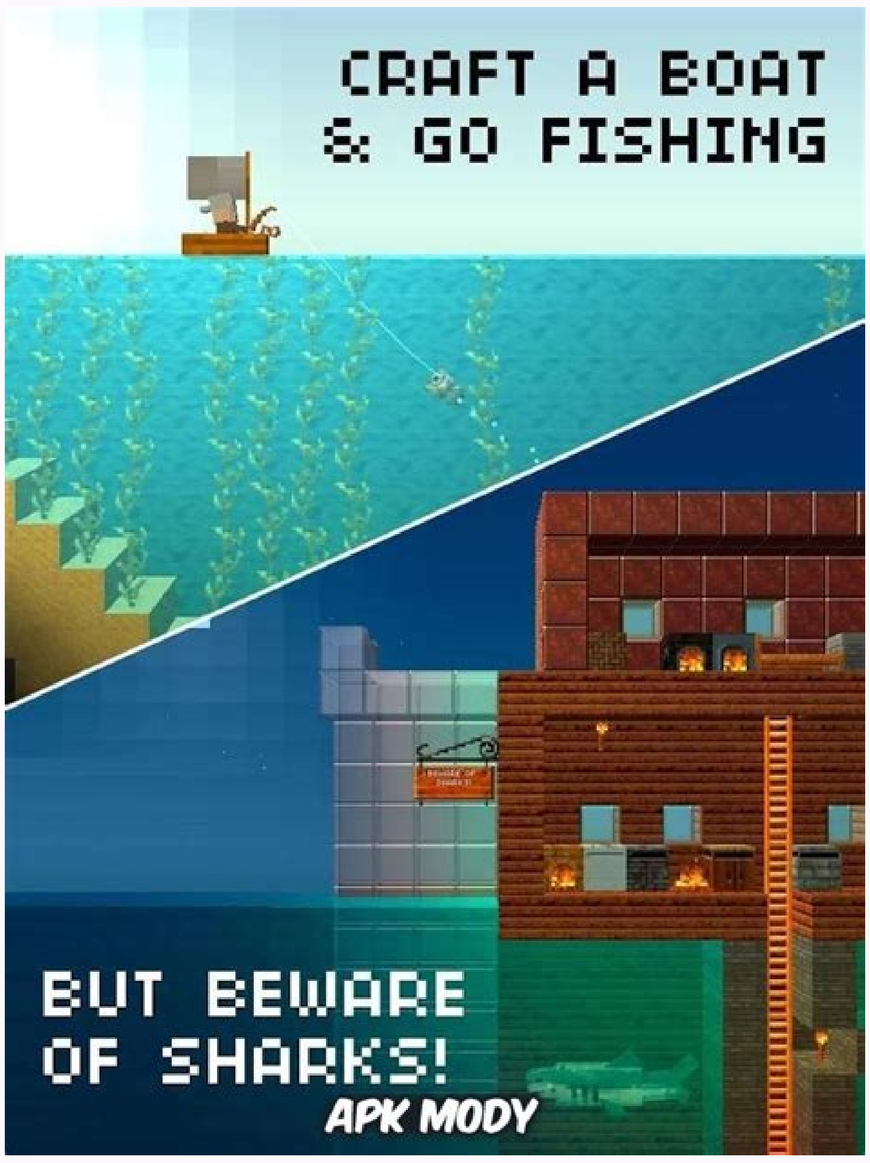
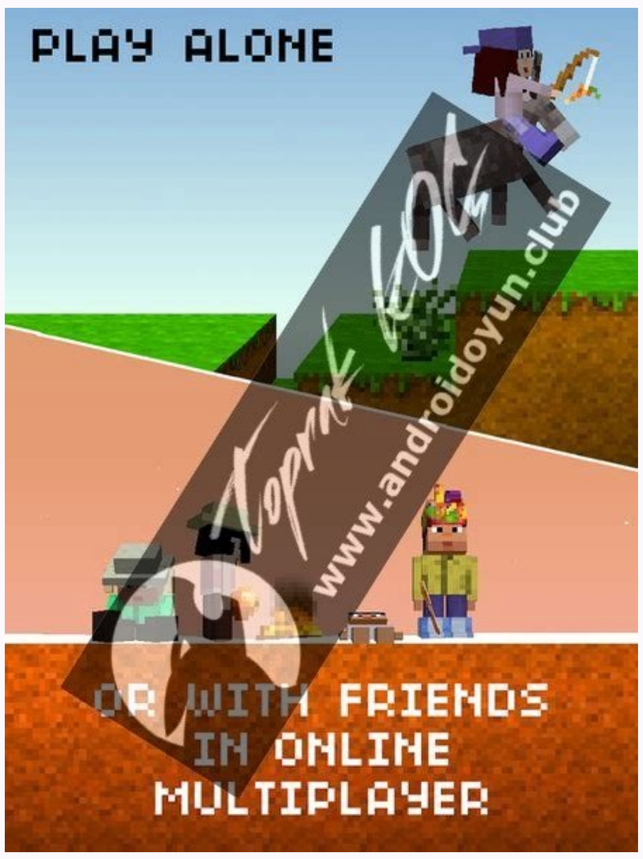
The blockheads mod apk android 1





The blockheads mod apk 1.7 4.

Travel to multiple locations and collect unique resources. In addition, your animals can also become your companions during the great adventures.Enjoy the game with friends and online gamersTo make the game even more interesting, you are also allowed to enjoy the game with friends and online gamers. Hence, if that’s the case, you might want to take a look at our modified version of the game.Enjoy the completely unlocked gameplay with our modWith our The Blockheads Mod, you’re now being able to make endless purchases for completely free. Not to mention that the wild also has dangerous animals and beast lurking around. Have fun in the unique worlds and gameplay of The Blockheads.And speaking of which, to make your survival challenges more interesting, gamers in The Blockheads are allowed to craft all kinds of different items and tools as long as you have the required materials and tools.Give your blockheads some of the most efficient tools so they can work faster, give them better weapons so they can protect themselves with ease, and upgrade your workbenches for more interesting crafts. Once you’re able to build your shelters and then the kitchen, you can start your MasterChef challenges in the game with plenty of available recipes. Discover how to survive in the tropical beach. Then you’ll surely find yourself addicted to the exciting explorations in The Blockheads.Explore the massive 2D sandbox maps that will take you to various locations and environments across the world. What would you do to get out of this situations?Help your character survive and discover endless possibilities in The Blockheads as you hunt down animals for foods, collect resources to craft items, build up amazing structures, and even take down the monsters inside the dark dungeons.Enjoy the game with friends or play solo as you dive into the completely interactive world of The Blockheads.FeaturesHere you’ll find all the exciting features that the game has to offer:Fans of adventure and action games will certainly enjoy themselves in this exciting survival gameplay in The Blockheads. Here, you’re free to create all kinds of structures as you wish. Feel free to put on any paint you want and even paint the surrounding environments if you want.Grow fruits and vegetables to collect foodIf you don’t want to waste your time hunting or foraging for foods, you can start by settling down and plant an orchard so you can have access to fresh fruit whenever you’re ready. Are you fans of the world-famous sandbox game – Minecraft? With the night slowly falls down, your hunger and the cold start to take their tolls on your body, you only have a few minutes to make your hut, get the fire going, and look for food to survive. However, might still find the ads and in-game purchases somewhat limiting. Control your blockhead characters as you explore the massive worlds with plenty of available activities.Take your blockheads through various locations in the randomly generated maps as you look for resources to sustain yourself. Feed your characters before the cold night falls upon you. Also, plant some vegetables if you want to, take care and harvest them when the time comes. Discover a variety of rare plants as well as animals on the grounds.And if you want to, you can also craft a strong boat that could help you cruise the large seas. Make delicious and energy-packed foods for your blockheads anytime you’re ready.Make uses of the building options to create awesome structuresSpeaking of shelter, you wouldn’t want to live inside shabby but all the time, do you? All you need to do is to download from our website instead of the Play Store.Visual and sound qualityGraphicsThe game features simple yet interesting blocky graphics that we’ve all grown familiar with after playing Minecraft. And with randomly generated worlds, you’ll surely enjoy your endless adventures in The Blockheads.Start by picking up the delicious coconuts as you find yourself stranded on a strange island. Want to look for another interesting gameplay with slightly different setups? Make all kinds of items to equip on your homes such as a new bed, table, chair, and many moreExplore multiple locations across the massive worldsThe game features a fully simulated world with plenty of interactive features, a full climate and season system, and more, which make things extra realistic. That way, you won’t have to worry about the food supplies anymore.Tame animals and have them assist youAs for the animals, you can either tame them to assist you in your daily activities or raise them for food if you want. It’ll be extremely fun when you’re able to build stuffs, explore the endless dungeons, and tackling down challenges with friends.Free to playAnd despite all the amazing features, Android gamers can still have this game installed on their mobile devices for completely free. Just join an existing world or create your own to have other players to play with you. With plenty of different things to do, endless maps to discover, and amazing gamers to play with, you’ll surely enjoy your time in the Blockheads, especially with our modified version. Create items and tools to assist you in your survival challenges, and get involved in a variety of different activities in the game. In addition, we also have the ads completely removed so you won’t be bothered when playing. You’ll only need to have enough materials as well as the right tools. However, since we all know that these are not the most efficient ways to gain energy, it would be nice if you’re able to cook in the game.That being said, you can start making delicious food by simply roast the meat on your campfire. That being said, in The Blockheads, gamers are also allowed to pick up the building feature to create their dream hideouts. Build up incredible houses or even turn them into your marble castles if you want to.Feel free to customize the environmentsAnd once you’re done with the buildings, you can also make uses of the customizations in the game and change your castle’s look with new paints and graphics. And despite the blocky graphics, you’ll find yourself caught in an immersive world. Enjoy yourself in the fully-interactive world of blocks where you’re free to do whatever you want.Find out more about this interesting game from Noodlecake Studios with our reviews.StoryThe game introduces Android gamers to the unique worlds of Minecraft that are completely in 2D. In addition, with the unique 2D graphics, you’ll find yourself enjoying the game in a completely different fashion compared to the normal

titles.Sound/MusicWith relaxing soundtracks, the game introduces Android gamers to the exciting and enjoyable surviving and creating gameplay. Not to mention that with accurate sound effects, everything in the game will look and feel more realistic.For those who’re interested in the great sandbox games like Stardew Valley, Terraria, and a few others, The Blockheads will definitely surprise you for its rich and addictive gameplay. Find yourself riding the maps on all kinds of animals, from a small donkey to even a large cow. You can even go to the North Pole, just to look for some special fur clothing.Lastly, the game also features the epic underground dungeons, where you can discover plenty of precious stones and metals, collect unique materials so you can create incredible tools.Cook delicious foods like a professionalTo prevent the hunger from bothering you in the first nights, your only options are to look for fruits or hunt down animals and ear raw meat. That being said, you can download it from the Google Play Store whenever you are ready. Here, you’ll find yourself having access to a variety of different environments from the tropical beaches to the endless snow mountains or even dark dungeons.As it begins, you’ll find yourself lost in a strange place.
