

by our council through election. You convinced them not to submit to us or recognize us as their mate leaders. This is so damaging to our rule of order and any semblance of pe You have directed these rogue BOT to do illegal things against PGCAG, Inc., such as updating the C with your fake documents, and the taking over the PGCAG bank accounts. You have also rected the attempt to change our Security guards and to padlock our PGCAG Headquarters, You have called by phone our office staff and Finance Manager directing them to hand over to you our aking situation. These, Sir is still a present threat and intensifying crisis - you have endangered the

You have attempted to open new PGCAG bank account with PNB and trying to misrepresent the corporation. You have also directed and encouraged several districts to starve the PGCAG financially by not sending financial contributions, and redirecting these givings to your Word Of Hope Office. This is a crime, Sir.

You have recruited PGCAG members and in a sense, gathered disciples to yourself, to follow you as their new General Superintendent. In fact you have directed them to submit their renewal forms to you. This is unacceptable form of usurpation and divisiveness;

whose corporate interest they have sworn to protect and to serve. You have lured them with your dinners and lunches, and promises of leadership positions in what you called "interim" government. ou have effectively organized a rebellion against us, you have promoted disrespect of their leaders.. How can we now trust you?

of the invitation? If closed door, what will prevent anyone to misquote and misconstrue once outside?? Who will mediate for an orderly dialogue?? What criteria will be used to guide this conversation - the CBL?? Your own rules?? --- This further adds to the lack of confidence we have about intent for this meeting.

There is no proof of sincerity.

There is nothing being offered to reverse or get back the hostile actions against PGCAG
There is NO identification of the problem that the offered solution is designed to solve.
